

CUSTOM BALL PARK NETTING

Protective and boundary netting is used to protect players, spectators, scoreboards, buildings and other structures in and around the ball park. The netting is customized to fit your needs and is completely weather-treated. Netting is either finished with black reinforced vinyl edging or a rope border. Please call for additional information and pricing.

3.0 mm Knotless Polypropylene with Vinyl Edging

Twisted Knotted Nylon #36 with Rope border

#420 Knotless Nylon with Vinyl Edging

Most durable, unmatched weather and UV protection! Maximizing Longevity.

Premium Knotless Polypropylene -Pylon (High Tenacity)

Great for high impact backstop and protective screen netting.

- 1-3/4" square mesh
- Reinforced in vinyl edging or rope border
- Extruded to resist weather and UV
