

BATTING TUNNELS AND ACCESSORIES

Batting Tunnel Frames

Softball Model, 55' (Item # 66216)

Baseball Model, 70' and 75' (Item # 66214)

- Constructed using 4" square, heavy-duty steel poles
- Black, baked-on polyester powder coat finish
- Each pair of poles are reinforced using 13-gauge galvanized steel crossbars
- Our unique design allows for the tunnel's net to easily be adjusted
- System includes everything needed to install and hang net: chain, cables, hooks, collars, ground sleeves and c-snaps
- System can be adjusted to fit custom net widths and lengths
- 5 Year warranty

Hitting Station Systems

55' Model – 3 hitting stations (2 poles) (Item # 66255)

70'/75' Model – 4 hitting stations (3 poles) (Item # 66270) (specify 70' or 75' when ordering)

- This "stand-alone" system can be placed alongside your batting tunnel/cage for players to use before or after their turn in the cage, or anywhere you need 3-4 hitting stations
- Constructed from 4" square, heavy-duty steel poles, this black powder coated pole system is an attractive addition to any facility
- Impact netting is constructed of black 3.5mm knotless 1-3/4" square mesh high-tenacity polypropylene (Pylon)
- Netting is hung from 1/4" galvanized steel cable and the system includes everything needed to install, including ground sleeves.
- Custom lengths are available

Protective Net Saver or Divider

Our #48 knotted braided polyethylene netting backdrop provides a buffer for your net as a Net Saver behind the batter or as a Net Divider position to create two short toss stations. The durable rope border simplifies installation and reduces sag. Available in black only.

12'H x 14'W (Item # 36060)

12'H x 12'W (Item # 36062)

Batting Tunnels

Douglas® batting tunnels are available in seven standard sizes and manufactured using three premium materials. Douglas® offer this variety in order to meet each customer's specific needs and applications.

Douglas® can also manufacture custom batting tunnels to your specifications. Optional doors and baffle nets available. Standard tunnels come with reinforced rope borders around the perimeter and along the top center.

Douglas® HTPP Knotless High Tenacity Polypropylene (Pylon) Black Tunnels:

- Pylon netting is extruded to permanently resist weather, UV, mold and mildew
- The pylon material is stronger and more durable than nylon netting
- All tunnels are made using 1-3/4" knotless square mesh to reduce sag and improve appearance

- All tunnel borders and top centers are reinforced with 1/4" rope
- Standard sizes are listed below. Tunnels can be customized to your size specifications. Custom tunnels use reinforced vinyl instead of 1/4" rope for borders and top centers

Simply the Best!

Professional, BT-PRO 3.5

(3.5mm Knotless; 4 Year Warranty)

12'H x 12'W x 55'L (Item # 36038PP)

12'H x 14'W x 55'L (Item # 36036PP)

12'H x 12'W x 70'L (Item # 36033PP)

12'H x 14'W x 70'L (Item # 36035PP)

12'H x 12'W x 75'L (Item # 36034PP)

Collegiate, BT-3.0

(3.0mm Knotless; 3 Year Warranty)

12'H x 12'W x 55'L (Item # 36028)

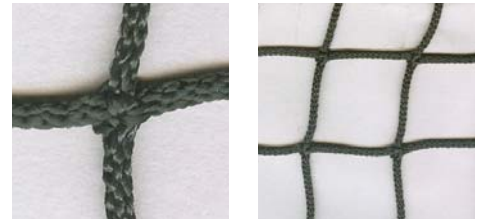

12'H x 14'W x 55'L (Item # 36026)

12'H x 12'W x 70'L (Item # 36023)

12'H x 14'W x 75'L (Item # 36029)

12'H x 12'W x 75'L (Item # 36024)

12'H x 14'W x 70'L (Item # 36025)

Douglas® Premium Knotted Braided Solid Core Polyethylene Black Tunnels:

- Polyethylene is very durable and is weather, UV, mold and mildew resistant
- No material provides better weather and UV resistance than polyethylene!
- Made using 1-3/4" knotted square mesh
- All tunnel borders and top centers are reinforced with 1/4" rope
- Tunnels can be customized to your size specifications
- Custom tunnels use reinforced vinyl instead of 1/4" rope for borders and top centers

Professional, BT-PRO 3.0

(3.0 mm Knotted; 4 Year Warranty)

12' H x 14' W x 55' L (Item # 36036)

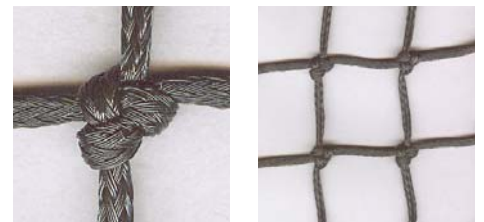

12' H x 14' W x 70' L (Item # 36035)

High School, BT-2.0

(2.0 mm Knotted; 1 Year Warranty)

12' H x 14' W x 55' L (Item # 36978)

12' H x 14' W x 70' L (Item # 36974)

Knotless HDPE High Density Polyethylene Hollow Core Black Tunnels:

- Polyethylene material is UV-treated
- 1-3/4" square mesh with reinforced sewn rope borders
- Includes 6' rope tails and sewn loops at the four corners for ease of installation
- Overlap-style entry door at one corner on short end dimension

BT-3.5 Netting;

(3.5 mm Knotless; 2 Year Warranty)

12' H x 14' W x 35' L (Item # 36044)

12' H x 12' W x 55' L (Item # 36043)

12' H x 14' W x 55' L (Item # 36042)

12' H x 12' W x 70' L (Item # 36041)

12' H x 14' W x 70' L (Item # 36040)

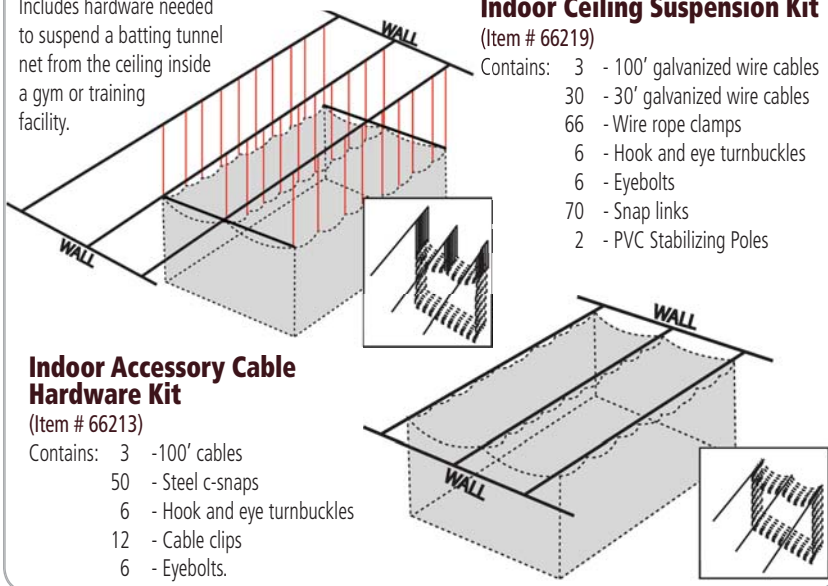

Includes hardware needed to suspend a batting tunnel net from the ceiling inside a gym or training facility.

Indoor Ceiling Suspension Kit

(Item # 66219)

- Contains:
- 3 - 100' galvanized wire cables
 - 30 - 30' galvanized wire cables
 - 66 - Wire rope clamps
 - 6 - Hook and eye turnbuckles
 - 6 - Eyebolts
 - 70 - Snap links
 - 2 - PVC Stabilizing Poles

Indoor Accessory Cable Hardware Kit

(Item # 66213)

- Contains:
- 3 - 100' cables
 - 50 - Steel c-snaps
 - 6 - Hook and eye turnbuckles
 - 12 - Cable clips
 - 6 - Eyebolts.

Net Saver Disks (Item # 36064)

- These disks prevent costly and dangerous holes that can be created by other tie down methods
- 6" disks are constructed of impact resistant plastic with an inner layer of soft protective foam
- Design allows for damage-free attachment over extended periods of time
- Set of 4 disks. Spring clips and rope are not included

Vinyl Hitting Backdrop

(Item # 26460)

With Pitching Target (Item # 26460T)

- Measures 6' x 5'
- Constructed of reinforced black heavy-duty 18 oz/sq.yd. vinyl
- Includes grommets and c-snaps
- Available with optional white printed hitting target

Tunnel Tarp

10' x 10' (Item # 26508)

12' x 12' (Item # 26506)

Black on one side, white on the other. Includes ground pins.

Indoor Vinyl Floor Covers

Vinyl floor covers are recommended to protect gym floors. Covers can be customized to fit your specific dimensions. A wide variety of custom vinyl products are available including turf mats, protective padding, and field pads. Contact us regarding your specific application.

Installation Accessories

1/4" Cable, Galvanized (Item # 34728)

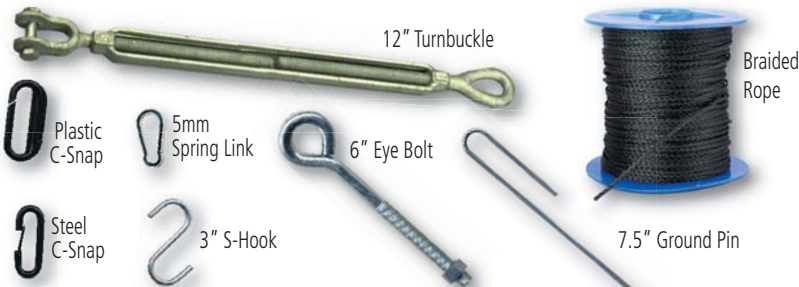

1/8" Cable, Galvanized (Item # 15102)

1/4" Cable Clamp (Item # 34725)

1/8" Cable Clamp (Item # 34726)

12" Turnbuckle (TB-12) (Item # 34724)

6" Turnbuckle (TB-6) (Item # 36986)

C-Snap, Black Plated Steel (Item # 32670)

C-Snap, Black Plastic (Item # 32675)

8 mm Spring Link (Carabiner) (Item # 36000)

5 mm Spring Link (Carabiner) (Item # 32679)

3" S-Hook, Steel (Item # 31663)

3/16" Polypro Braided Rope (1000' Roll) (Item # 31601M)

7.5" Steel Ground Pin (Item # 41208)

6" Eye Bolt (Item # 34730)

The Batco Cage

72'L x 18'W x 12'H (Baseball) (Item # 36214)

54'L x 18'W x 12'H (Softball) (Item # 36216)

- The Batco Cage is 50% wider and 20% higher than standard tunnels
- The larger size permits live batting practice to be thrown more comfortably
- Because of the shape and construction, the Batco Cage is not affected by wind; and with only two support bands, the Batco is almost self standing
- Quality knotless #42 gauge netting has a tensile strength of 350 lbs.
- When used indoors, it's recommended to use a vinyl floor cover to protect the floor's finish
- Please specify if using indoor, outdoor or both. Indoor or outdoor feet are included but if using for both, there is an additional charge for another set of feet
- When folded, the Batco Cage is much easier to protect against vandalism
- There are no cables to run indoors or a frame to build outdoors. The arcs are made of galvanized steel and weigh approximately 45 lbs. each
- Written installation instructions are included along with a step-by-step installation video

Use Indoors or Outdoors!

Economy Trapezoid Batting Cage

35' Frame and Net (Item # 36222)

55' Frame and Net (Item # 36221)

70' Frame and Net (Item # 36220)

- Trapezoid shape creates a stable frame and allows for extra width at the base
- Frame is constructed of welded steel with a black powder coat finish
- Knotless #32 nylon netting is UV treated
- Easy-to-assemble, Unit is moveable and ground sleeves are not necessary
- Batting cage measures 14' wide at the base, 10' wide at the top and 10' on the diagonal
- Recommended for outdoor use only
- 1 Year warranty

Ground Stake Kit

Kit for 35' (Item # 36222S)

Kit for 55' (Item # 36221S)

Kit for 70' (Item # 36220S)

Recommended, to temporarily anchor the cage. Includes 20" ground stakes, steel carabiners and rope.
