## Dry Line Markers

4 wheels, 10" pneumatic tires, 100 lb. capacity (Item # 36708)

4 wheels, 10" pneumatic tires, 50 lb. capacity (Item # 36707)

4 wheels, 65 lb. capacity (Item # 36710)

2 wheels, 25 lb capacity (Item # 36709)

Made of galvanized steel to prevent rusting. Oversized foam rubber hand grips provide operator comfort to mark 2" or 4" lines. The instant on and off handle-mounted control lever allows for precision marking.

## Mark 1 (Item # 36715)

All metal construction for sturdiness and durability. Comes fully assembled. 10" wheels. Sprays one can and stores 12 cans. Spray width is adjustable from 2" to 6". Handle folds for easy storage. Paint is not included.

## Paint Marking Machine

(Item # 36714)

This ready-to-use machine requires no accessories and can apply clean, crisp, even stripes or marks from 2" to 5" wide.

## White Line Athletic Paint

White (Item # 36715p) Colors (Item # 36715pc)

Specially formulated to produce bright, durable lines on grass. All White Line paints are completely safe for players and will not harm grass. The extremely durable, water-resistant formula will not wash away in the rain. Non-clogging design allows the paint to completely empty, minimizing waste.

The unique "stair step" design of the universal tip fits nearly all paint strippers. Colors include White, Hot Orange, Yellow, Blue, Red, Turf Green, Light Blue and Black.

Case of 12, 18 oz cans.

## Wheel Wand Marking Tool

(Item # 36714W)

Great for striping stencils, lines, circles and words. Easy-to-use with finger trigger and wheel guide.

## Drag Broom (Item # 34845)

84" wide broom is constructed of heavy-duty aluminum with scarifying edge for breaking up pack soils. This Drag Broom has 3 rows of bristles to give your playing surface a professional look.

## Cleat Cleaner (Item # 36760)

The rugged all rubber construction will de-mud cleats quickly providing better traction, decreased injuries, and cleaner dressing rooms. Can be mounted to treated lumber and buried in the ground for permanent installation or thrown down for temporary use. Measures 13" x 12-1/2" with 84 spike cleaners.

## Aluminum Maintenance Rake

24" (Item # 36700)

36" (Item # 36702)

This high-strength aluminum construction rake is lightweight and versatile. One side rakes and the other side levels.

## Scarifer/Lute (Item # 34825)

30" wide for extra-fine grooming or smooth finishing. One side has serrated teeth and the other side is a leveler.

## Cocoa Mop (Item # 36737)

24"x 18" mop constructed from natural cocoa fibers that "float" across the surface. The mop produces a smooth finish with minimal movement and buildup of your infield mix. Ideal for use around the mound, along infield edges and base-lines, and to groom cutouts and other tight areas.

## Baserunner Rake (Item # 36703)

Field rake with telescopic handle that easily adjusts from 39" to 70". Rake knocks down for easy storage. The 36" wide, high striking edge is excellent for grading, while the rounded teeth are non-gouging.

# Douglas® Field Maintenance Equipment

## Cut-N-Level Drag Brush 6'w x 4'6" d (Item # 36738)

Used in routine maintenance, the Cut-N-Level drag can be used for rock removal, smoothing and leveling the field as the need arises; saving hundreds of man hours normally needed to do these jobs. It features flat steel cutting blades and a screen for rock removal. The cutting blades are slotted and attached to the main frame with bolts, allowing the operator the ability to adjust the blades for the desired depth of cut. Frame and blades are galvanized.

## Big League Field Drag (Item # 36739)

This field drag will condition a 5' wide path on one pass. Designed to break up dirt or cinders on the baseball field or track. With bolts down, it tears up the dirt and with angle iron down, it levels the playing surface. Features 46, half-inch diameter bolts that protrude 2-1/2" from the frame. The bolts are staggered with 3" gaps, and can be easily replaced when worn. A heavy-duty chain trails the unit to break up any dirt clumps. Designed to hold two cement building blocks (not included) for additional weight when necessary. Replacement bolt kits are available

## Steel Drag Mats

3'W x 4'L (Item # 36728)      6'W x 6'L (Item # 36726)  
 3'W x 5'L (Item # 36724)      10'W x 6'L (Item # 36721)  
 6'W x 3'L (Item # 36727)

Professional all-steel drag mats include drag bar and rope. Available in 5 sizes. Mesh material is 3/8" by .046 galvanized steel. Perfect for general grooming and maintenance.

## Cutting Bar (Item # 36729)

Unique 6' asymmetrical cutting bar levels and smooths rough spots and eliminates ridge build-ups. The cutting bar is sized to match our 6' x 6' drag mats and includes quick link attachments. Drag mat sold separately.

## Cocoa Drag Mat

4' x 2' (Item # 36734)  
 6' x 2' (shown) (Item # 36735)  
 6' x 4' (Item # 36736)

Constructed from natural cocoa fibers that "float" across the surface producing a smooth finish with minimal movement and buildup of your infield mix. Unlike steel drags, cocoa mats drastically reduce the accumulation of dirt. Flip the drag over and use the solid steel twin-bladed cutting edge for shaving off high spots and filling in the low. 2' deep drags include a tow rope with wood handle while the 4' deep drag includes a HD tow chain at no additional cost.

## Batter's Box Folding Template

4' x 6' Baseball (Item # 36755)  
 3' x 7' Softball (Item # 36755s)  
 Lightweight aluminum frame template will make striping your batter's boxes quick and easy. To use, simply line the handle up with the straight side edge of homeplate and you will be square and the correct distance away from homeplate for proper alignment. Then, step on template and leave a 2" wide impression to chalk over. Folds in half with a double handle for easy transport.

## Economy Batter's Box Template

4' x 6' Baseball (Item # 36756)  
 3' x 7' Softball (Item # 36756s)  
 Quick push-button design allows for easy assembly and disassembly. Heavy-duty 1" square galvanized steel construction features a regulation size home plate locator for easy alignment.

## Diamond Pump (Item # 36796)

Extra 1-1/2" Hose:  
 25' (Item # 36918A)  
 50' (Item # 36918B)  
 75' (Item # 36918C)

Remove excess water with this lightweight pump. Pumps 18-20 gallons per minute and will not clog due to its unique design. Just place in water and start pumping. Extra hose lengths are available. Two feet of hose is included.

## Tamp (Item # 36704)

All-steel welded construction with a black powder coated finish. 1/4" steel plate is excellent for packing dirt or field dressing around home plate and mound area. Base measures 10" x 10" with 42" handle.

## Puddle Pillows Case of 10 pillows (Item # 36761)

Drastically reduce the time it takes to remove water puddles from your field. Constructed from heavy-duty filtering fabric, the pillow allows water to flow through, but not the dirt. Can be used time and time again. Simply place in standing water, when saturated, remove and squeeze dry. Pillows are seamed in the middle creating 2 "pockets" which allow the pillows to be hung over the fence to dry. 10 pillows per case, each pillow can absorb up to 3.5 liters of water.
