

PITCHING MACHINES

MP-6 (Item # 36660)

Hopper-fed pitching machine that holds 600 baseballs or 400 softballs. Heavy-duty arm and hand system pitching from speeds of 25-85 mph. Easily converts from baseball to softball. Built-in low voltage remote control with 80' cord. Base has hold-down clips for permanent installation. Lockable arm guard cover. Electrically powered - 115 volt A.C. motor. Unit measures 57"H x 44"W x 59"L.

Positive Feed Control Unit

For use with the MP-6 to ensure that seamed balls will flow properly. This is a standard feature on the MP-4.

MP-4 (Item # 36659)

The top of the line hopper-fed machine that has the same features of the MP-6 with additional benefits. The unit is extra reinforced on the frame of the machine to protect against batted balls. The Positive Feed Control is included which ensures good ball flow when using seamed balls.

MP-5 (Item # 36661)

Ball rack fed pitching machine holds 38 baseballs or 28 softballs. Heavy-duty arm and hand system with lockable arm guard cover. Throws pitches from 25 to 85 mph. Easily converts from baseball to softball. Built-in low voltage remote control with 80' cord. 4-wheel transport for quick and easy moving. Electrically powered - 115 volt A.C. motor. Measures 56"H x 30"W x 55"L. A ball feed enhancer unit may be purchased separately to ensure that seamed balls will flow properly.

C-82 (Item # 36658)

Designed for on-field or backyard practice. Unit is ball rack fed holding 25 baseballs or 20 softballs. Will throw baseballs, softballs, and polyballs from 20 to 60 mph. 2-wheel system for quick and easy moving. Lockable arm guard cover is included. Electrically powered - 115 volt A.C. motor. Measures 36" H x 20" W x 36" L. This unit is not recommended for high school baseball or fast pitch softball programs. An optional remote control with 80' cord may be purchased separately (Standard on all machines except the C-82).

Ryan Express

(Item # 36625) Baseball

(Item # 36625S) Softball Kit

This baseball pitching machine throws curves, fastballs, sliders, sinkers, and knuckle balls with a speed range of 40-95 mph. The urethane pitching wheels eliminates air pressure problems. Attached wheels for easy transporting. Throws leather or dimpled baseballs. A softball kit is available which includes legs and chute. 5-year limited warranty.

Bull Dog

(Item # 36629) Bull Dog

(Item # 36629W) Replacement Wheel

Durable and lightweight machine with a top speed of 55 mph. Chute can be used with baseballs, 11" softballs or 12" softballs. Wheel is constructed of durable urethane to eliminate worries about air pressure. Runs on 110 volt AC or generator. 1/4 HP D.C. motor with a 10-gauge steel housing construction. Heavy-duty legs are reversible for baseball and softball delivery heights. 5-year limited warranty.

Curveball Machine (Item # 36610)

This machine's patented "gooseneck" design provides full range of movement to adjust for all types of pitches; including fastballs, curves, sliders, and "split-finger" fastballs. It simulates both left and right handed pitches. Swivel design base casting provides 360 degree movement for fly balls, ground balls, and pop-ups. Its quick and easy speed adjustment throws from 20 to 104 mph. It's portable and easy to move and set up. One person can remove the legs and load Jugs into the trunk of a car. With the non-marking pneumatic tires it throws baseballs, tennis balls, dimple balls and a large variety of practice balls. 5-year warranty.

Combo Pitching Machine™

(Item # 36908)

The patented gooseneck "ball & socket" design and the pneumatic wheels throw every possible pitch, both right and left handed. Comes with two long straight legs for baseball and short curved legs for softball to provide realistic release points. Both of the baseball and softball chutes are included. Best for fielding exercises, featuring full 360 degree rotation and angle adjustment. Quickly and easily throws fly balls, ground balls, and pop-ups. Designed to throw leather, dimpled, and a wide variety of practice balls in baseball, 11" or 12" softball sizes. 5-year warranty.

Automatic Ball Feeders are available. Contact us for details.

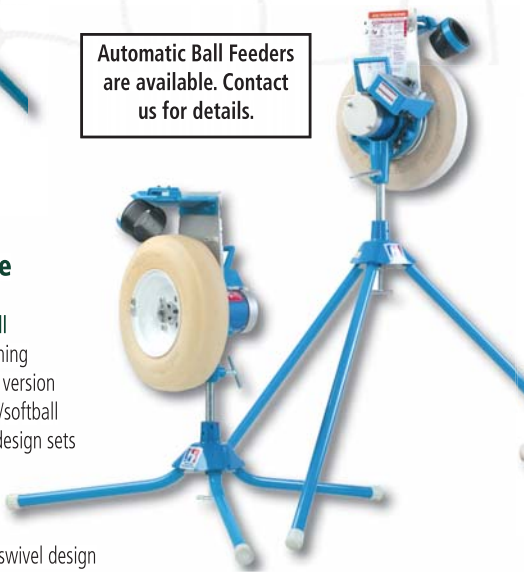

Jr.™ Pitching Machine

(Item # 36907) Baseball

(Item # 36920) Baseball/Softball

The most widely used youth pitching machine! Available in a baseball version only and a combination baseball/softball version. Portable, easy-to-move design sets up and converts in minutes.

The pneumatic wheel throws fastballs from 15-60 mph along with risers and drops. The swivel design base casting provides 360 degree movement for fly balls, pop-ups and ground balls. The unit is safe and simple to operate, including a digital speed readout for throwing at the exact speed desired. The Jr. Combo is complete with a baseball chute and long straight legs, and a softball chute with curved legs. This way you can see pitches thrown from a realistic release point for both sports. It throws baseballs, 11" or 12" softballs, tennis balls, dimpled and a wide variety of practice balls. Standard 110 Volt. 5-year warranty.

Softball Machine (Item # 36612)

The most widely used softball pitching machine in the world! Portable, easy-to-handle design sets up in minutes. The pneumatic wheel throws fastballs from 15 to 60 mph along with risers and drops. Realistic underhand release point is great for both fast and slow pitch. Swivel base with full 360 degree rotation and angle adjustment throws pop-ups, grounders and fly-balls. Digital speed readout allows you to throw the exact speed required. Designed to throw leather, dimpled, & a wide variety of practice balls in both 11" and 12" softball sizes. 5-year warranty.

Super Softball™ Machine (Item # 33921)

Portable design is simple to operate and sets up in minutes! The pneumatic wheel throws fastballs from 20-70 mph along with risers and drops. Realistic underhand release point is great for both fast and slow pitch. Swivel base with full 360 degree rotation and angle adjustment throws pop-ups, grounders and fly-balls. Digital speed readout allows you to throw the exact speed desired. Designed to throw leather, dimpled, and a wide variety of practice balls in both 11" and 12" softball sizes. 5-year warranty.

Pitching Machine Cover

(Item # 36610C)

Great for off-season & overnight protection. HD waterproof vinyl with a drawstring closure. Fits all Jugs pitching machines.

Softball Transport Cart (Item # 36612C)

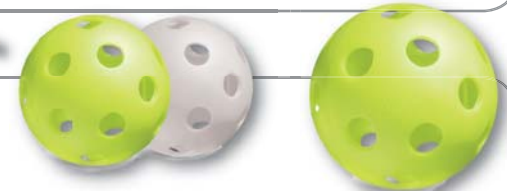

Take the pain and effort out of moving your existing Jugs® Softball or Super Softball pitching machine. The transport cart includes a new leg assembly and a two wheel cart. The cart's low ground clearance prohibits the machine to throw sinkers.

Sting Free® Dimpled Machine Balls

Solid polyurethane with regulation size and weight. Will not damage aluminum bats and will not sting your hitters' hands. Available in yellow or white. Designed for use in all pitching machines

36620	Baseball 9" Yellow	dz.
36621	Baseball 9" White	dz.
36621S	Baseball 9" Seamed	dz.
36622	Softball 12" Yellow	dz.
36623	Softball 12" White	dz.

Bulldog™ Polyballs

Lightweight hollow balls with uniform holes for maximum accuracy. 1 oz. in weight for baseballs and 1-1/2 oz in weight for softballs. Can be used in any pitching machine for close-range practice.

36624	Baseball 9" white	dz.
36624Y	Baseball 9" yellow	dz.
36626	Softball 12" (yellow only)	dz.
