

# TRAINING AIDS

## Portable Practice Platform (Item # 36586)

- Perfect for protecting your field during batting practice
- Rugged aluminum frame with spike-proof turf
- Wheels and handles are attached for easy portability
- Measures 7'L x 3.5'W

## True Pitch® Portable Pitching Mound (Item # 36997)

- An ideal pitching mound for indoors or outdoors in (or after) any weather.
- Instantly ready for play, providing the exact regulation pitching height and there is no need to rake-in dirt
- Constructed of turf covered, molded fiberglass making it very durable and portable
- A better surface means better push-off and landing
- Regulation size is 10'6" long, 8' wide, and 10" high
- Approved for official regulation game play
- Contact us for additional sizes and information

## Indoor Pro Practice Mound

Original Model (Indoor -shown) (Item # 36582)  
Astroturf Model (Outdoor) (Item # 36584)

- This indoor practice mound won't damage or scratch gym floors
- It features a two-piece overlapping interlock design that allows easy moving and storage
- The full body polyethylene foam construction enables pitchers weight to transfer directly to floor to reduce the mound from sliding
- Simulated pitchers rubber will not wear down
- 10" regulation height 102"L x 48"W
- Astroturf is applied to the outdoor model

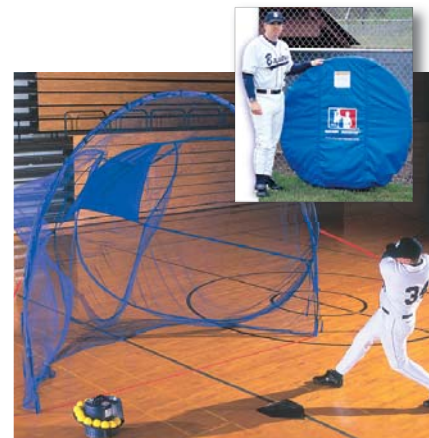

## Jugs® Instant Screen® (Item # 36919)

- This huge 7' x 8' screen frame is made of sturdy lightweight spring steel
- The frame allows for a quick setup that takes less than a minute (No assembly required)
- It is ideal for travel because it folds down to a compact 36" circle in a nylon carrying case; weighing only 10 lbs.
- A free video of opening and closing instructions is included. Perfect for any age or skill level for a variety of sports including baseball, softball, & football.
- 1-year warranty guarantee.

## Instant Backstop® (Item # 36915)

- This extra large 12' x 9' x 6' back-stop design folds down to a compact 52" circle and weighs only 15 lbs.
- The spring steel construction pops open then just add the front shock-corded support arch and 2 ground anchors
- Sets up in minutes with two people
- Comes complete with a heavy-duty nylon bag, an indoor and outdoor anchoring system & an instructional manual
- 1-year warranty guarantee.

## Strike Zone

Baseball (Item # 36790) Softball (Item # 36791)

- This innovative portable batting tool can be used in any designated area
- Set up is easy with no tools required
- Attaches to vertical pole that is 2-1/2" to 4" in diameter
- Compact to fit in an equipment bag.

## Striker-II

Complete Set (Item # 36507) Replacement Ball and Strap (Item # 36507S)

- Can be used as a warm-up device or as a highly effective swing trainer
- Equipped with a reduced injury factor baseball that hangs 13" from fence
- Includes the unique wear indicator feature, to visually alert the user when tether replacement is necessary due to extensive wear and tear
- Quickly attaches to any chain link fence
- The Striker II is lightweight, durable and portable, conveniently fitting into an equipment bag

## Dirx™ Warm-up Bat

34"/80oz. (for youth baseball and girls softball) (Item # 36506S)

34"/90oz. (high school/college baseball and softball) (Item # 36506B)

- Simulates the natural feel of your bat
  - Patented adjustable weight
  - Approved by the ASA, USSA, and for use by the National Federation of State High School Associations.

### Slide-Rite™

Standard 42" x 12' (shown) (Item # 36505)  
Pro 53" x 14' (Item # 36505P)

- Teaches sliding and diving skills used in baseball, softball, football, and soccer
- The sliding pad is constructed of durable cordura with an open-cell foam cushion inside the mat
- Each model is 2-1/2" thick
- Sliding sheet on top is made of canvas and can be used for all types of slides
- Durability allows for daily not just occasional, practice. Rolls up for compact storage
- Base (shown) is not included

### Softhands Infield Trainer

(Item # 36798)

- Durable foam infield training device for developing quick hands while fielding ground balls or completing a double play
- Used by high schools and colleges

### Batting Tee

Batting Tee (Item # 36636)  
Replacement Tubes (Item # 36637)

- Sturdiest in the industry –solid base prevents toppling
- 22" to 47" adjustable hitting height
- Great for hitting practice.

### Schutt® Travel Tee™

Travel Tee (Item # 36503)  
Baseball Tube (Item # 36503B)  
Softball Tube (Item # 36503S)

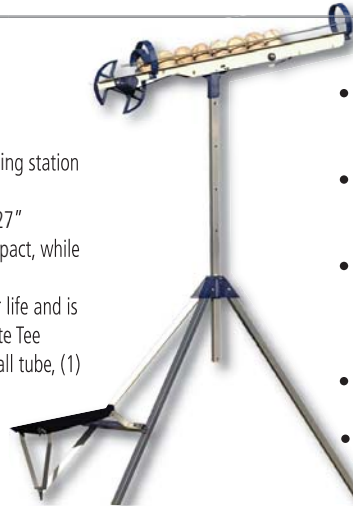

- Ultra lightweight portable training station for use at all levels of play
- Telescopes from 57" down to 27"
- Top rubber tip folds over on impact, while tee remains upright
- Durable construction for longer life and is interchangeable with Swing-Rite Tee
- Includes single base, (1) baseball tube, (1) softball tube and travel bag

### Backyard Batter

(Item # 36925)

- A great training aid for all levels and ages; developing hand-eye coordination, technique, muscle memory and bat speed
- Timing is adjustable for three pitching angles, they include: slow arc, high arc and quicker knee-high pitch
- Backyard Batter works by the wheel dropping the ball onto trampoline. The angle of the removable trampoline controls the height that the ball is delivered into the hitters strike zone
- Uses baseballs, softballs, practice balls and even tennis balls
- Runs on AC power or the included rechargeable battery. Lightweight, durable and portable, fitting into a 4-1/2' storage bag (included)

### Schutt® Swing Rite™ (Item # 36635)

- The unique 48 hole construction allows for regular and enlarged strike zones
- Isolates and corrects hitting problems
  - Dual stems help hitting both inside and outside pitches
  - Stems are adjustable up and down
  - Folds easily into a compact size of 21" x 26-7/8" x 2-1/2" with a handle

### Jugs® Toss Machine (Item # 36641)

- Used to improve hand-eye coordination and hitting mechanics
- The easy toss eliminates the need for a teammate or coach to toss the balls
- Machine automatically tosses a ball every five seconds, in an arc of about eight feet
- Softball and baseball compatibility with a capacity of 14 baseballs or 10 softballs
- Uses an internal rechargeable battery (charger included)

### Jugs® Lite-Flite® Machine (Item # 33922)

- The Lite-Flight® delivers big league pitches at a minor league price
- Converts between baseball and softball delivery in seconds without tools
- Full range of movement to adjust for all types of pitches including fastballs, curves and sliders
- 360 degree swivel and height adjustment allows for fly balls, ground balls, and pop-ups.
- Throws only the Jugs® Lite-Flite® balls or PolyBalls from 15-50 mph. (Sold separately)
- Operates on regular 110 volt AC or optional lite-flite battery pack
- The machine is portable, fitting into two heavy-duty nylon carrying bags
- Includes both baseball and softball legs and chutes, and nylon carrying cases.

### Jugs® Lite-Flite® Practice Balls

Baseballs (1 doz.) (Item # 33922B)  
Softballs (1 doz.) (Item # 33922S)  
Bucket with 18 Baseballs (Item # 33922BB)  
Bucket with 12 Softballs (Item # 33922SB)

- The safest practice ball ever made creating a realistic throw or pitch
- The soft foam construction is great for indoors and out
- Designed specifically to be used in the Lite-Flite® machine but can be used with any pitching machine

### Jugs® Battery Pack (Item # 6923)

- It will run the Lite-Flite® machine for up to 3 hours of continuous use
- Recharges in only 2 hours
- The pack comes complete with heavy-duty nylon carrying case, battery recharger and 32" extension cord

Great for fielding practice!
