Douglas® Custom Windscreens Which Material is Best for You?

Polypropylene -Durability

Available in OMP (Open Mesh) or CMP (Closed Mesh) material. 100% Polypropylene material is our most popular windscreen fabric. This low-maintenance material offers classic good looks, and highly durable performance. Douglas® polypropylene material is heat-set so your screens will never shrink or change shape. Weather and UV protection is extruded into every fiber of Douglas® Polypropylene windscreen for maximum performance and long life.

PolyPro™ Plus Premium

Closed - 350 x 215

Colors: Dark Green or Black

Warranty: 4-year limited

Windscreen Features For Strength and Durability, Douglas® windscreens feature these unmatched industry standards:

Figure 1: Extra-Strong Hems

Figure 2: Reinforcement Tape

Figure 3: Center Tab Hem

Figure 4: 4-Ply Hem

- Our extra-strong hems are constructed with 28 oz. vinyl inserts double sewn to 1-1/2" wide (Figure 1).
- Our Windscreens are available in standard 6' and 9' heights and in custom heights by quotation.
- All hems include #2 brass grommets spaced on 18" intervals.
- Any screen width is available; however, 60' is the maximum recommended width per panel.
- All 9' screens include Center Reinforcement Tape (CRT) with grommets for anti-billowing installation (Figure 2).
- Optionally, 9' screens may substitute a Center Tab hem construction (Figure 3) for anti-billowing installation.
- Optional 4-Ply hems (R) are constructed with an 18 oz vinyl overlay and #2 brass grommets spaced every 12" (Figure 4)

Optional Air Vents

AV (Item # 21001)
Die-cut and heat sealed air vents are available for vinyl-coated polyester screens only. Recommended for all VCP screens.

AVR (Item # 21002)
Reinforced air vents, installed at 10' intervals, are optional on all windscreens and are recommended for closed mesh screens and 9' high screens.

Vinyl Coated Polyester -Versatility

A very attractive and durable windscreen, VCP comes in a variety of colors and custom lettering and logos can be applied. VCP is resistant to water, salt, mildew and UV rays

We can apply your logo in your choice of different colors with fast, professional service. Contact us for more details.

Privacy Screen

Purchase by the Roll -- In Stock -- Same day shipment is available!

An inexpensive solution for:

Athletic fields, dugouts, bleachers, parks and recreation, construction sites/companies or any other location where shade or privacy is desired.

Lightweight material is tear resistant and will not unravel. Privacy Screen is UV stabilized –will not fade or deteriorate from natural elements. Material is also resistant to mold and mildew. Privacy Screen is purchased by the roll and can be cut-on-site. Rolls feature reinforced top and bottom sides for attachment to any fence with tie-raps. Rolls are also available with reinforced hems and grommets around the perimeter -contact us for pricing.

Purchase by the roll:

36924	44" x 150'	For 4' fence	24 lbs./Roll
36928	68" x 150'	For 6' fence	36 lbs./Roll
36932	92" x 150'	For 8' fence	50 lbs./Roll

Material Specifications:

- Construction:** 85 – 90% Knit Raschel
- Fiber Content:** 100% High Density Polyethylene
- Available Colors:** Dark Green, Black, Blue, Brown and Beige
- Warranty:** 4-Year Limited

Weathascreen

- 6'H x 120'L, Green (WS-72) (Item # 30006)
- 6'H x 120'L, Black (WS-72) (Item # 30006B)
- 9'H x 120'L, Green (WS-108) (Item # 30009)
- 9'H x 120'L, Black (WS-108) (Item # 30009B)

What makes Weathascreen so unique is its locked-spring knitted construction - IT'S NOT WOVEN! Weathascreen fabric is formulated of double-thick Monolon that's fray resistant. It distributes stress loads evenly, and is lightweight for easy storage and transportation.

- High tensile strength (15 times the tear resistance of woven cloth, won't unravel)
- Superior ultra-violet stability
- Resistant to abrasion, mildew, and chemicals
- Easy installation -No grommets necessary
- Reduces visual intrusion & helps eliminate glare
- Available in Dark Green or Black
- Purchase by the roll, 120' length
- Available in 6' or 9' heights
